

# Mac Tools Heavy Duty Truck Software Update – Q1 2019

## Ver 2019/1

Mac Tools software release version 2019/1 is full of valuable and timesaving coverage features that you don't want to miss. See below for a summary on new coverage additions.

In addition, the new Off-Highway Software package is now available, which gives users the ability to diagnose construction and agricultural vehicles.

Update your Mac Tools Diagnostic Scan Tool to software version 2019/1 today to maximize the power of your Mac Tools Diagnostic Scan Tool.

Troubleshooting by Trouble Code Procedures	18,010	18,948	21,472	24,684	3,212

## Newly Available Software Feature

### Off-Highway Software

- Off-Highway coverage was first available with the last revision (2018/3)
- Includes diagnostic coverage for construction, agricultural, stationary engines, street sweepers, and more
- NOTE – these features are only available if you have purchased the Mac Tool ET8200-HD or upgraded your ET8100-HD with the OHW upgrade kit.
